considering that the F-SEAL Fund of the PSR 2022 is based on the project presented by the University within the framework of Ministerial Decree 737/2021, referred to in the resolution of the Board of Directors (Rep. no. 275/2021) and that for these activities the CUP B65F21002780001 was acquired;

considering that the research grants referred to above are fully covered in the allocations relating to the 2021/2023 multi-year forecast budget, Research Support Plan 2022 - F-SEAL
Project, as attested by the Head of the Administrative and Accounting Services Office-ARBI3 of the Research Area, libraries, internationalization and third mission;

- having regard to the Policy of the University of Siena for the deposit of research products in the institutional Repository and in particular Article 4 under which USiena-air is the primary source of data for internal and external evaluation, for requests for funding and reward funds, to be constantly and systematically updated by the University's researchers, so as to be exhaustive and reliable;

HEREBY DECREES

Art. 1 – SUBJECT OF THE NOTICE

The "MSCA SoE@UNISI 2022" initiative aims to finance 4 projects of a two-year duration relating to the disciplinary areas characterizing the University of Siena (at least one project for each area) presented by researchers who have obtained the seal of Excellence in call HORIZON-MSCA-2021-PF-01 and meet the requirements indicated in Art. 2 of this notice.

The disciplinary areas characterizing the University of Siena (https://www.unisi.it/strutture/dipartimenti) are:

- Economics, Law, and Political Science Area
- Literature, History, Philosophy and Arts Area
- Biomedical and Medical Sciences Area
- Experimental Sciences Area

For each project, a contribution of 90,000 Euros is provided, broken down as follows:

- an amount of €85,000 to cover the cost of the researcher's salary.
- an amount of €5,000 to cover the expenses related to the start of research, training, networking activities, missions closely related to the execution of the project, which will be managed by the relevant Department of the University Supervisor (Direct costs - see Art. 8).

Art. 2 - PARTICIPATION REQUIREMENTS

Researchers shall be eligible for selection if they:

- have submitted a European project under the HORIZON Marie Skłodowska Curie Actions – Postdoctoral Fellowships 2021 (HORIZON-MSCA-2021-PF-01).
- have obtained the seal of the European Commission "Seal of Excellence - MSC Actions" with a score equal to or higher than 85/100.

The following are excluded from this selection:

- the permanent staff of universities, public research and experimentation institutions and bodies, the National Agency for New Technologies, Energy and Sustainable Economic Development (ENEA) and the Italian Space Agency (ASI), as well as those from institutions
whose diploma of scientific improvement has been recognised as equivalent to the title of research doctor pursuant to art. 74, fourth paragraph of the Presidential Decree 382/1980;

- those who have a degree of kinship or affinity up to the fourth degree included with a professor belonging to the department or structure that makes the proposal for activation of the contract, or with the Rector, the Director, or a member of the Board of Directors of the University.

- those who have been holders, at any institution, of research grants pursuant to Law 240/2010 and subsequent amendments and additions for a period that, added to the duration provided for the research grant in this call, exceeds a total of 6 years, including any renewals. For the purposes of calculating the total 6 years, the period in which the grant was used in conjunction with the PhD without scholarship, within the maximum legal duration of the course, is not computed.

- researchers who have already benefited from MSCA SoE@UNISI funding in the previous call (2020).

MSCA SoE@UNISI funding shall expire for those who obtain an MSCA Postdoctoral Fellowship after the grant referred to in this call is awarded.

**Art. 3 – METHODS OF PARTICIPATION**

This announcement and all the documentation useful for submitting applications for funding are available at [https://www.unisi.it/ricerca/supporto-alla-ricerca/researchers-towards-unisi-msca-post-doctoral-fellowships/seal](https://www.unisi.it/ricerca/supporto-alla-ricerca/researchers-towards-unisi-msca-post-doctoral-fellowships/seal) (Italian version) [https://en.unisi.it/research/unisi-host-institution-apply-us/seal-excellence](https://en.unisi.it/research/unisi-host-institution-apply-us/seal-excellence) (English version) and is published in the manner indicated in art. 11.

Each candidate is invited to prepare an application dossier on the basis of the Application Facsimile (Annex A) including the following documents:

- Copy of their identity document (valid identity card or passport).

- Copy of the MSCA-PF project presented to the European Commission in the call HORIZON-MSCA-2021-PF-01 (Part A and Part B).

- Evaluation Summary Report certifying the score obtained.

- Copy of the Seal of Excellence Certificate issued by the European Commission.

- Copy of the doctoral certificate or other equivalent qualification. Candidates who have obtained their degree in Italy will be able to certify their qualification by submitting a substitutive certification (Annex B).

- Brief description of the project proposal, also signed by the Supervisor pertaining to the University of Siena, compiled on the basis of the Project Facsimile (Annex C). The description must show the changes made and suitable to ensure that the project can be conducted within the time frame identified by the candidate at the University of Siena, and the strategic nature of the proposed project for the lines of research of the relevant Department and the
specific research team in which the researcher will be included, also with a view to new projects based on competitive European funding.

Requests for participation must be submitted exclusively by e-mail to the address rettore@pec.unisipec.it no later than 6 July 2022 at 12.00.

Candidates are invited to specify in the email accompanying the application dossier the following subject: “MSCASoE-UNISI- SURNAME.”

Incomplete proposals or proposals sent after the deadline indicated will not be taken into consideration.

**Art. 4 - SELECTION PROCEDURE**

The selection procedure for the proposals to be financed is conducted by the Research and Grants Management Division (DRGM) of the University of Siena, which, in accordance with the aims and objectives of the Seal of Excellence – MSCA, acquires the required documentation.

The DRGM conducts an administrative check on the eligibility of all requests for funding by first conducting the check as indicated in Art. 4 – 4.1.

Subsequently, the selection phase of merit related to the proposed research projects will take place in the manner indicated in Art. 4 – 4.2.

**4.1 Eligibility for the selection procedure**

Upon closure of the call, the requests received are subject to the control of the participation requirements referred to in Art. 2. The dossiers will be examined to verify the correctness and completeness of the statements provided by the candidate and the documentation submitted. The possible start of the exclusion procedure from the selection due to lack of one or more participation requirements will be communicated through an e-mail message and the interested party will have 10 days to provide the appropriate clarifications. After this period, the administration, where appropriate, will proceed to issue the exclusion measure.

**4.2 Selection**

An internal evaluation committee of the University of Siena proceeds to the formulation of a ranking of eligible proposals, ordered according to:

- the score assigned by the European Commission and indicated in the relevant Evaluation Summary Report.
- any indication of the University of Siena as Host Institution already in the application phase submitted to the European Commission.
- strategic and relevance of the project for the University of Siena, also with reference to the research activity currently underway, at the start of a new line of research and design on competitive European tenders.
- any further parameters that the Internal Evaluation Committee of the University of Siena will define during the first meeting.
The commission gives each criterion a score, up to a maximum of 100 total points. Proposals are considered admissible if they reach a minimum score of 60/100.

The financing of the proposals in the ranking is established until the available budget for the disciplinary area characterizing the University is exhausted. If no applications are submitted for one or more Disciplinary Areas (or the applications submitted do not reach the minimum score for admission) the budget for the Area will be assigned to the first project that will be placed in a useful position for funding.

In the event of equal merit, the vote for the Criterion of Excellence (based on criteria established by the European Commission for Marie Skłodowska Curie Actions, Work Programme 2021-2022) will be considered, and, in the alternative, the younger candidate will be preferred.

The list of projects eligible for funding, and the related funding proposal, will be published online at https://www.unisi.it/ricerca/supporto-alla-ricerca/researchers-towards-unisi-msca-post-doctoral-fellowships/seal (Italian version) https://en.unisi.it/research/unisi-host-institution-apply-us/seal-excellence (versione inglese) and filed with the DRGM for the purpose of any requests for access to the documents.

The documents are also published as indicated in art. 11.

**Art. 5 – SELECTION COMMITTEE**

Applications will be evaluated by an internal selection Board, appointed by the Rector.

The Board, within 60 days of the closure of the call, will formulate:

- the ranking of the four proposals worthy of funding, one per Area.
- the ranking of the proposals in the reserve list, understood as proposals worthy of approval, but not financeable due to exhaustion of the funds available in the budget.

In the event of renunciation of the grant or impossibility to conduct the planned research activities, the applications financed will be replaced according to the ranking order of the reserve list.

If additional funds are made available, it will be possible to proceed with the financing of the applications in the reserve list, according to the order of ranking.

**Art. 6 – ALLOCATION OF FINANCING**

The ranking of the funded projects, approved by decree of the Rector of assignment of the funding, is published online on the page https://www.unisi.it/ricerca/supporto-alla-ricerca/researchers-towards-unisi-msca-post-doctoral-fellowships/seal (Italian version) https://en.unisi.it/research/unisi-host-institution-apply-us/seal-excellence (English version) and as indicated in art. 11.

To the candidates the funding has been assigned to, the University of Siena provides a research grant for the total amount of 85,000 Euros (gross of the costs borne by the University).

The research grant will have a duration of 24 months.

The award of the research grant is conducted in accordance with art. 5, paragraph 6, of the aforementioned Regulation, as it can be allocated exclusively to subjects already usefully selected
in the context of European or international research projects, on the basis of requirements and according to the procedures established by the European Commission.

The University agrees with the researcher on the date by which, under penalty of forfeiture, the Research Grant must be stipulated. This date may not be later than 1 December 2022.

Failure to conclude the contract within the aforementioned period determines the forfeiture of the right to the grant. An extension of the period for the drafting of the contract may be allowed in exceptional, force majeure and duly documented cases.

The ownership of the grant is not compatible with participation in degree courses, Master's degrees (laurea specialistica o magistrale), PhD with scholarship or medical specialization, in Italy or abroad, and involves placement on leave without allowance for the employee in service with public administrations.

Art. 7 – RESEARCH GRANT

The University, in case of approval of the application for funding, will award the researcher a research grant by drafting a specific contract.

The research grant must be awarded in compliance with the Regulations for the award of research grants, issued with D.R. no. 125 of 21.01.2022, including aspects relating to:

- rights and duties of research fellows;
- responsibility for the activities of research fellows;
- prohibition of overlapping of paid activities, incompatibility, suspension;
- control and evaluation of activities;
- tax, social security, and insurance treatment;
- forfeiture, termination of the relationship and withdrawal.

Art. 8 – DIRECT COSTS

Direct costs are expenses specifically and directly related to the implementation of research activities, including, by way of example, but not limited to:

- attending seminars
- purchase of laboratory equipment and consumables
- participation in conferences or workshops.
- realization of short missions or secondments
- publication of papers or monographies

The direct costs are identified and borne by the Department in accordance with the accounting principles and reporting rules provided for by the MSCA Work Programme 2021-2022, Post Doctoral Fellowship, the Annotated Model Grant Agreement - EU Funding Programmes 2021-2027 version November 2021 and subsequent updates, the University Regulations for Administration, Finance
and Accounting in force since 2 February 2017 and the specific University regulations applicable from time to time.

Indirect costs are not eligible, to be understood as expenses that cannot be directly identified as specific and attributable to the realization of research activities, among which are considered, by way of example, but not limited to:

- management and administrative management of the project;
- purchase of stationery;
- maintenance costs;
- telephone bills.

Art. 9 – OBLIGATIONS OF RESEARCHERS IN FUNDED PROJECTS

The researchers selected in the framework of this call are obliged to conduct personally and fully the activity envisaged by the research project presented and for which they received the funds. In order to ascertain the achievement of the objectives of the funding, within 60 days from the end of the project, the researcher must submit a report containing a report of the use of the share of funding allocated to research and describing the methods of implementation of the project, the results obtained and any changes that have occurred since the initial proposal, a list of the research products (publications produced or in press, database), and a report on the networks activated during the research, on the organization of seminars and conferences, on the possibility of developing the research started, on the continuation of the research itself with other external funding.

This report, accompanied by the evaluation of the Department Council where the research is located, and signed by the researcher and the University supervisor, must be sent to the DRGM of the University of Siena (research.eu@unisi.it).

In any publications resulting from the research activities funded by this call, the origin of the contribution received must be mentioned, bearing the name of the program "MSCA SoE@UNISI 2022" and the acronym of the project.

Art.10 - OPEN SCIENCE

The University of Siena adheres to the Open Science policy and invites the beneficiaries of this call to guarantee open, free, and online access (at least in green access mode) to the results obtained and to the contents of the research subject to publication, provided that this does not conflict with the need to protect sensitive and confidential data.

All possible obligations of confidentiality or protection of personal data remain unaffected.

Art. 11 – PROCESSING AND PROTECTION OF PERSONAL. INFORMATION PURSUANT TO ART. 13 OF THE GDPR

The processing and protection of personal data, present in the request for participation in this announcement or possibly communicated with supplementary documents of the application, will take place in compliance with EU Regulation 2016/679 on data protection and Legislative Decree. n. 196/2003 and subsequent amendments and additions, and in particular according to the
principles of lawfulness, correctness, transparency, adequacy, relevance, and necessity referred to in art. 5, paragraph 1 of the GDPR.

The data controller is the University of Siena. The personal data provided by the candidates will be processed for the management of the procedure, for the possible conferral of the assignment or hiring, for the management of the rankings (where provided for in the notice) exclusively for the purpose of fulfilling the legal requirements, including the publication obligations provided for by current legislation.

The provision of personal data is to be considered mandatory. Any refusal will make it impossible to conduct the operations necessary for the procedure and, possibly, for the establishment and management of the employment relationship.

The information on the processing of data is published on the University portal on the web page https://www.unisi.it/ateneo/adempimenti/privacy

For the purposes provided for by Law no. 241 of 7 August 1990 and subsequent amendments and additions., the Person in charge of the selection procedure referred to in this call is identified in the Head of the Research and Grants Management Division.

This announcement and all the documentation useful for submitting applications for funding are available at https://www.unisi.it/ricerca/supporto-alla ricerca/researchers-towards-unisi-msca-post-doctoral-fellowships/seal (Italian version) https://en.unisi.it/research/unisi-host-institution-apply-us/seal-excellence (English version).

This call is published on the Online Register of the University and on the University portal at: https://www.unisi.it/ateneo/concorsi-gare-e-appalti

This call is also published on the European Union portal at: http://ec.europa.eu/euraxess/

**Art. 12 – ETHICAL PRINCIPLES**

The proposed research activities must respect the ethical and legislative principles of the University, national, international and the European Union ones, including the Charter of Fundamental Rights of the European Union and the European Convention on Human Rights and its additional protocols. Particular attention must be paid to the principle of proportionality, the right to privacy, the right to the protection of personal data, the right to the physical and mental integrity of a person, the right to non-discrimination and the need to ensure high levels of protection of human health. The proposed research activities must have an exclusive focus on civil applications.
